Themes and goals of the event:

This contact seminar is hosted together by CZ NA (the School Education Unit) and CZ NSS for eTwinning and its main aim is to promote the synergies between Era+ and eTwinning, inspire participants in using eTW portal for communication and collaboration in ERA+ KA2 projects and to help create networks among teachers involved in ERA+ and eTW projects.

The capacity of the seminar is set at 20 participants registered through ERA+ NAs and 20 eTwinning teachers registered through eTW NSSs.

Expected results:

eTwinning as a portal for communication and collaboration in ERA+ S2S projects will be introduced to the participants and they will be offered the opportunity to meet with eTwinning users. On the other hand, the eTwinning participants will be given the opportunity to learn about the Erasmus+ programme, especially about their possibilities in the KA2 S2S projects.

The participants themselves are expected to take active part in the seminar, to become familiar with eTwinning and its possibilities in KA2 projects and to make contacts with teachers from other countries in order to find partners for KA2 project with the use of eTwinning.

They are also expected to be willing to share their experience with KA2 projects (if they have any) with the eTwinning teachers, who are so far unfamiliar with the Erasmus+ programme.
